

About Our Founder & President

SCOTT WALKER

Growing up on a farm south of Udall, Kansas, Scott Walker knows the meaning of hard work and dedication. As the President of Walker Group Inc., this same dedication and hard work continues to be his goal as he provides comprehensive asset and risk management services for his clients, aiming to build and maintain long-term relationships with trust and loyalty.

Scott graduated from Kansas State University in 1980 with a degree in Agricultural Economics. From there he enjoyed a successful career with Monsanto Agricultural Company which provided him a strong foundation in problem solving and executing successful business plans. As time went on, Scott realized that his true desire was a career in the financial marketplace that provided the opportunity to help the independent business owners and individuals of Wichita and the surrounding area achieve financial success. It was then that Walker Group Inc. was born.

Walker Group Inc. is a full-service company that specializes in the needs of small business owners and the senior market, providing planning and guidance for those who are seeking a better lifestyle in retirement. Scott Walker is an Investment Advisor Representative with IAMS Wealth Management, LLC, a registered investment advisor firm. He is also a licensed Life and Health Insurance agent with Insurance Agency Marketing Services, Inc.

Scott can be reached by sending an e-mail to scott@wgifs.com or by calling 1-316-267-3138.
